

CAREER OPPORTUNITY

JOB TITLE : Swine Nutritionist

DIVISION: Landmark Feeds

REPORTS TO: Senior Swine Nutritionist

LOCATION: Winnipeg, MB

Our company offers world-class animal nutrition feeding programs and branded pet food products to its customers and is Canada's largest Animal Nutrition Company. Shur-Gain and Landmark are operating divisions of Nutreco Canada Inc. whose parent company is Nutreco NV. Nutreco is a global leader in the animal nutrition business. Headquartered in the Netherlands, Nutreco operates over 90 production plants in 20 countries globally and employs approximately 9,000 people.

KEY RESPONSIBILITIES:

- Function within the Nutrition Team to ensure the optimum performance of Landmark products and feeding programs
- Focus on maintaining a persistent and diligent value added strategy
- Work closely with the other members of the Nutrition Team and with the Purchasing and production staff to ensure that products conform to specified standards
- Keep management informed of all pertinent issues and competitive activities as they arise by attending industry functions, industry networking and continually reviewing industry publications
- In conjunction with other staff members, network within the industry to ensure a complete knowledge of industry activities and trends affecting the swine industry
- Along with the other members of the Nutrition Team, work with the available technology to optimize formulations for all plants, and communicate effectively with the feed mills and Mill Managers
- Participate within the National Species teams
- Work in a disciplined fashion and manage timelines with multiple priorities
- Apply all internal software (computer models and Brill Software) and be able to train others in their use
- Support sales efforts with on farm calls and customer support as required
- Support the Formulation/HACCP/QC teams in areas such as tags, regulatory issues/registrations and Quality Control/Assurance programs.

PREFERRED HIRING CRITERIA:

- Post-secondary education in Swine Nutrition and applicable practical experience
- Ability to quickly prioritize individual responsibilities and effectively manage time
- Analytical skills with attention to detail
- Proven ability in accurate and cost effective decision making
- Proven ability to multi-task in a fast pace environment
- Knowledge of livestock production and management and a thorough understanding of the local industry
- High level of computer competency including knowledge of Microsoft Office applications
- Excellent oral and written communications skills
- Proven ability in working within teams and in a team environment

APPLICATION PROCESS: If you are interested in applying for this position, please forward your resume and cover letter to Russ Funk via email at russ.funk@nutreco.ca later than Friday, September 17th. We thank all applicants for their interest in Nutreco Canada / Landmark, however only those selected for interviews will be contacted. No calls please.
