

Feed-Rite is an operating division of Ridley Inc. It's core business is the manufacturing and sale of animal feeds with production facilities based in rural communities and the larger agricultural centers throughout Western Canada. We are currently searching for:

**FORMULATOR
WINNIPEG, MANITOBA**

The incumbent's responsibilities will be assisting and generating feed formulations utilizing a formulation software system, entering changes to ingredient matrix values. Other responsibilities will include creating and updating feed label for all registered feeds; submission to the required government agencies/regulators; training plant staff on label requirements and assisting nutritionists with formulas for on-farm diets.

The incumbent will require a combination of feed industry experience; knowledge of feed formulation principles and software, as well as having working knowledge of Canadian and American feed regulations. Strong communications skills and excellent working computer knowledge is key. Although not required, a degree in Animal Science is preferred

Feed-Rite offers competitive wages and excellent benefits. If you share our values – safety, teamwork, service, integrity and accountability – and are ready to join a great team, we'd love to hear from you! We are a welcoming, equal opportunity employer and invite applications from all qualified candidates.

Please forward your resume in confidence, or contact:
