Dear industry partner,

The Animal Nutrition Conference of Canada (ANCC) is a dynamic conference for the exchange of innovative ideas and research related to the animal nutrition industry. This year's conference theme is **"Data to Diet: The Next Revolution in Animal Nutrition"**.

In addition to a strong scientific program, the ANCC will showcase industry partners and graduate student research. With a broad range of Canadian and international participants from industry, academia and government expected to attend, there will be ample opportunities for networking. The conference is scheduled to take place April 28 to 30, 2027 at Le Centre Sheraton Montreal, and is expected to attract more than 300 in-person participants.

On behalf of the organizing committee, we kindly request your company's financial support. The continued support of our industry partners plays an important role in making this event a success. Attached is the list of sponsorship opportunities for the 2027 Animal Nutrition Conference of Canada.
