

CHECKLIST for streamlined approvals of category 1 feeds

1. New and significant changes to standard mixed feeds (*Feeds Regulations, 1983, Schedule I, Table 3, items 1-6*)

Brand Name (optional) and Product Name:

Requirements:	Page # or N/A	CFIA Use
<p>Completed application package per RG-1 Chapter 1 – Administrative Requirements for Pre-market Assessment and Product Registration of Livestock Feed</p> <ul style="list-style-type: none"> ○ Cover letter– indicating that this is a streamlined application ○ Application Form ○ Application Fee ○ Checklist 		
<p>Label (3 copies) containing the information as per Section 26 of the <i>Feeds Regulations, 1983</i> (see list in Appendix 1)</p> <p>Note: For mixed feeds listed in items 1-6 of Schedule I Table 3, if label guarantees that are not indicated in Schedule I Table 3 appear on the label or if the label highlights the inclusion of another mixed feed, these feeds are not eligible for streamlined review e.g. statements like – “Contains Moore’s Mineral Complex” or “with Smith’s Vitamin D”.</p> <p>Claims that are part of the Permissible claims policy for livestock feed are allowed</p>		
<p>For complete feeds:</p> <ul style="list-style-type: none"> ○ Calculations showing that the nutrients requiring labelling guarantees as per Schedule I Table 3 meet or exceed the Schedule I Table 4 minimums and do not exceed the maximums 		
<p>For mixed feeds other than complete feeds:</p> <ul style="list-style-type: none"> ○ Calculations showing that the nutrients requiring labelling guarantees as per Schedule I Table 3, when fed according to the directions for use, provide at least 10% of the Schedule I Table 4 nutrient minimum and do not exceed the nutrient maximums ○ If a nutrient does not provide at least 10% of the minimum value in Schedule I Table 4, the nutrient should not appear as a guarantee on the label. A calculation must still be included to demonstrate the rationale for excluding the guarantee 		
<p>For medicated feeds:</p> <ul style="list-style-type: none"> ○ Calculations showing that the level of medication supplied is in accordance with the CMIB directions for use associated with the appropriate claim <p>NOTE: Imported medicated feeds are not eligible for streamlined review</p>		
<p>For new feed applications and all imported feeds:</p> <ul style="list-style-type: none"> ○ Complete list of ingredients identified by their generic name and item number as listed in the Administrative Schedule IV or V of the <i>Feeds Regulations, 1983</i>, including Canadian Feed Registration Numbers for Part II ingredients or registered mixed feeds, must be included with the submission (on a separate sheet or on the label) ○ The complete list of ingredients should include all of the ingredients used in any premix or supplement used to make the feed (for example, an in-house premix). If that premix or supplement is registered, the list is not required, only the registration number. ○ The list of ingredients is not required if the streamlined application is for a renewal or an amendment to an already registered feed. 		

Appendix 1 – Label requirements for new and significant changes to standard mixed feeds listed in items 1-6 of schedule I table 3 of the *Feeds Regulations, 1983*

Proposed label

- ☐ Brand name (optional)
- ☐ Feed name/Product name reflecting the purpose of the product and the intended species
- ☐ Feed form if medicated and other than mash
- ☐ Medication, level and approved claim from Compendium of Medicating Ingredient Brochure (CMIB) (if applicable)
- ☐ Selenium statement located above guaranteed analysis (if applicable), "This feed contains added selenium at ___ mg/kg"
- ☐ Guaranteed analysis: required guarantees per Table 3 for the specific feed type
- ☐ The complete list of ingredients identified by generic name as listed in Schedule IV or V of the *Feeds Regulations, 1983*, including registration numbers for Part II ingredients or mixed feeds as required **or** the statement: "A list of ingredients used in this feed may be obtained from the manufacturer or registrant"
- ☐ Directions for use to permit safe and effective use of the feed
- ☐ Cautions (if selenium added): All species - "Directions for use must be carefully followed" Ruminants only - "Do not use in association with another feed containing supplemental selenium"
- ☐ Caution / Warnings (per CMIB if applicable)
- ☐ Notes (if required by CMIB)
- ☐ BSE statement if the feed contains "prohibited material": **"Feeding this product to cattle, sheep, deer or other ruminants is illegal and is subject to fines or other punishment under the *Health of Animal Act*."**
- ☐ Name and address of the registrant
- ☐ Net amount (weight or volume - metric measure required – other units optional)
- ☐ Registration number (to be added once the feed is registered)
- ☐ Lot number (if applicable)
