

# 2024 ANIMAL NUTRITION CONFERENCE OF CANADA

MAY 14 TO 16, 2024 – FAIRMONT WINNIPEG IN WINNIPEG, MANITOBA

April 8, 2024

Dear industry partner,

The Animal Nutrition Conference of Canada (ANCC) is a dynamic conference for the exchange of innovative ideas and research related to the animal nutrition industry. This year's conference theme is **"Animal nutrition and feed security: global changes and local approaches"**.

In addition to a strong scientific program, the ANCC will showcase industry partners and graduate student research. With a broad range of Canadian and international participants from industry, academia and government expected to attend, there will be ample opportunities for networking. The conference is scheduled to take place May 14-16, 2024 at the Fairmont Winnipeg Hotel in Winnipeg, Manitoba and is expected to attract more than 300 in-person participants.

On behalf of the organizing committee, we kindly request your company's financial support. A conference of this quality requires a team effort and assistance from many organizations to be a success. Attached is the list of sponsorship opportunities for the 2024 Animal Nutrition Conference of Canada.
