

Technical Services Manager

At Wallenstein Feed & Supply Ltd. we believe in helping our customers succeed, and we pride ourselves on being the leader in customer service for the livestock feed industry.

This position will lead the WFS strategy to address feed related regulatory affairs across departments. The specific focus is to manage regulatory compliance as it relates to manufactured feed products, ingredients, new initiatives and applicable business practices. This position will lead process control initiatives looking for efficiencies and opportunities across the business.

The ideal candidate will possess a minimum MSc or PhD in Animal Nutrition or a related discipline with strong management, communication, organizational and problem-solving skills. A minimum of five years' experience in the animal nutrition field will be given preference.

APPLICATION PROCESS: If you are interested in applying for this position, please submit your resume to careers@wfs.ca by **September 18, 2026**.

We thank all applicants for their interest in Wallenstein Feed & Supply; however only those selected for interview will be contacted. We are committed to employment equity and encourage applications from all qualified individuals. Accommodations are available at all stages of the recruitment process.
